Google Educator AI Series

Live Virtual AI Training for Educators

Practical, classroom-ready ways to use Gemini for Education and Gemini Notebook. Every session is live, hands-on, and built around real tasks educators do every week, so participants practice with the tools instead of just watching a demo.

FORMAT

Live and virtual on Google Meet

LENGTH

60 to 90 minutes, flexible to your schedule

AUDIENCE

K-12 educators, coaches, and school leaders

CUSTOM

Modules matched to your school or district goals

A brighter classroom for every learner.

New AI Adopters (K-12)

For educators who are new to AI or just getting started with Gemini.

- ✓ Introduction to Gemini for Education
- ✓ Introduction to Gemini Notebook
- ✓ Evaluate resources and claims
- ✓ Adapt and level materials to meet student needs

Coaches, Admins, and Instructional Leaders

For coaches, administrators, and anyone who supports educators.

- ✓ Introduction to Gemini Notebook
- ✓ Build just-in-time coaching
- ✓ Draft parent communications
- ✓ Turn benchmark data into instructional strategies

Want something different?

We can build a session around your priorities, mixing modules from across the series.

108
educators enrolled

For one Florida district this summer, we combined Gemini for Education, Gemini Notebook, parent communications, and benchmark data strategies into one session for 108 enrolled educators.

Bring a session to your school

For educators who are new to AI or just getting started with Gemini.
